

# The Storable Platform. The industry's only fully integrated, all-in-one suite of storage technology solutions.

## The business of running a storage operation

**doesn't have to be complicated.** But using a variety of different softwares for managing leads, move-ins, billing, tenant questions, vendors, and staff can make your day-to-day way more complex than it needs to be. But not with Storable.

At Storable, we're committed to helping your business run like a well oiled machine. With the industry's only fully integrated technology platform, you have everything you need to market, operate and protect your business—all in one place.

Storable's platform consists of facility management software, integrated products, and marketing services designed to set your storage business up for success, and Win More.

Our platform is designed to simplify your operations and help you focus on what matters most: **growing your business.**

**Let's Talk.** ▶

## WITH STORABLE YOU CAN

- ▶ Manage leads from virtually all sources in one centralized location
- ▶ Achieve improved efficiency with simple, intuitive workflows supported by next-gen automation
- ▶ Deliver better tenant communications with fully automated email, SMS and mail house capabilities
- ▶ Enhance operations and profitability with sophisticated and flexible reporting and revenue management
- ▶ Make adjustments across your entire portfolio with corporate controls that empower you to manage documents, delinquency, revenue, and business rules in a single motion

### Software

Sitelink by Storable and Storable Edge, Storable's property management software, offers flexible, comprehensive solutions that save you time, effort, and money, while improving operational efficiency.

### Marketplace

An online marketplace designed to connect self-storage owners and operators with qualified leads. Easily list available storage units, update your rates, grow your exposure, and increase occupancy.

### Websites

Showcase your storage business and drive organic traffic with a custom self-storage website designed with SEO and lead generation in mind. It's digital marketing and ecommerce made easy.

### Access

Integrated with our storage facility management software, Access Control helps you automate daily operations, improve security, and enhance the tenant experience.

### Insurance

Comprehensive insurance options designed to protect your business and your tenants. Spend less time worrying about risk, and more time reaping the rewards of your business.

### Collections

Integrated with Storable software, Collection Manager streamlines revenue management and the collections process through automated communications and simplified payment options.

### CRM

Better manage communications across your self-storage business by controlling, prioritizing, routing and converting calls from prospective customers and existing tenants.

### Payments

Payments gives both operators and consumers the convenience and peace of mind they want while seamlessly integrating with your Storable Software.

### Auctions

Storage facilities can streamline their auction process by listing their inventory in one place, reducing the hassle and knowing that your units will be viewed by a large bidding base.
